Looking To Graduation & Beyond!

Planning for Graduation & Beyond

Parents & Seniors,

Graduation is getting closer and closer by the day! Before you know it, it will be May and the Seniors will be walking down the aisle to receive their diplomas!

The years 2020 and 2021 have been different and have dictated a different way of life for all of us. While we are all trying to figure out how to navigate what comes next and what that looks like, we must all press forward.

Class of 2021 has a Bright Future! Success is yours for the taking. The world is at your fingertips!

For the Senior Interviews this year, I am mailing this information home to the Remote students and also handing this same information out to the students who are attending school in person. That way you all have the same information.

If there are any questions, please call to set up an appointment to meet with me. I'm happy to help you as much as I possibly can.

--Becky Beall

**PAGE 2 - GOALS, JOBS,
CAREER EXPLORATION,
SCHOLARSHIPS, FAFSA**

Goals- Short & Long Term Goals

Every Senior should try to have at least 1 Short-Term Goal and 1 Long-Term Goal.

A short-term goal could be something that you plan to accomplish between now and the Summer.

A long-term goal is something you plan to accomplish within 18 months, 2 years, 4 years, 5 years, etc.

For Example: A seniors goals might look like this: My short term goal is to get my Driver's License by April and to get a job by Summer so I can start saving some money.

My long term goal is to go to SPC and graduate with an Associates Degree in Computer Technology in 2 years.

Each Senior should work to identify what their goals are. If you don't aim for a goal, you will never hit it!
